Linkages Upstream:

Applying the Prevention Framework

April 23-25, 2024

Doubletree Hotel Sacramento

Join us for ***Linkages Upstream: Applying the Prevention Framework*** as we work together to break cycles related to poverty and child maltreatment through prevention and early intervention. We think an upstream approach will contribute to stronger families and communities while reducing child maltreatment, and decreasing entries into foster care. Through our time together we will find innovative ways to collaborate across systems, fund services, engage with families, and deliver services that families find relevant and helpful.

Details

The Hotel sleeping room reservation link is now open.
