## APRIL 11, 2025 MEETING UPDATES

The Committee reviewed the draft FFPS Continuous Quality Improvement (CQI) Plan. Members were invited to provide final feedback ahead of its release. Additionally, updates to the FFPS Implementation Brief were reviewed, offering feedback on topics such as candidacy determination, safety monitoring, and service coordination. Suggestions included adding case examples, fiscal guidance, and an executive summary to support clarity and usability across counties.

We're also pleased to share that seven committee vacancies have been filled, including three individuals with lived experience, as well as representatives from a faith-based organization, an advocacy CBO, county office of education, and the Southern Region child welfare sector.

## WHAT'S NEXT?

The Community Pathway Advisory Subcommittee meets next on June 13, 2025. The Subcommittee will discuss considerations for creating Family Well-Being Plans. Some other topics that the Community Pathway Advisory Subcommittee anticipates exploring includes:

Progress on the Child Welfare System—California Automated Response and Engagement System (CWS-CARES)

Fiscal Workgroup development and coordination strategies

Ongoing support for cross-agency collaboration and training needs
