

Upstream Planning: Prevention and Systems of Care

With the support of CA's Children and Youth System of Care Joint Resolution Team, representation from CYSOC member Associations, and the CDSS Family First Prevention Services (FFPS) Team, CFPIC is inviting all county AB 2083 teams, their fiscal and contracting partners, Comprehensive Prevention Planning (CPP) Teams, community partners, and all direct services staff to participate in this Virtual Convening Series! This session focuses on how teams can leverage the work of CPP and SOC teams to create an integrated system and robust community pathways of "no wrong door" to accessing services and supports that incorporate prevention. The session will feature county examples and is the fourth of the Equipping Series.

Facilitated by CFPIC's Prevention and Capacity Building and System Integration Leaders & Richard Knecht.

Featuring Kelly Winston, CDSS Safety and Early Intervention Bureau Chief, and Sacramento County.

Our August Session will explore centering schools as the hub for cross-sector Ecosystem development.

TA will be available for interested counties after each convening.

For more info contact andrea.sobrado@cfpic.org.

Check the CBSI page at www.cfpic.org for the posted materials for each convening!

Objectives

Examine key strategies to:

- ❖ Understand California's vision for Prevention and a cross-sector Child & Family Well-Being System
- ❖ Recognize the role of CYSOC partnerships, ILTs, and CPP Teams in advancing prevention
- ❖ Align our shared definition and goals for prevention across the system
- ❖ Value the advancement of the Prevention mindset and practical strategies for full-ecosystem prevention coordination and sustainability
